Dear Rob,

Now that we are amending License Agreement #5030700002 to allow you to ship Works 4.5 and Money 98 on your low-end systems, which is replacing Works 4.5 only, effective January 1, 1998, this email is your authorization to continue reporting returns of Works 4.5 as needed until the license expires or is terminated by either party.

When reporting returns of Works 4.5 after January 1, 1998, please report them under CVP #3 as the royalty and PPB recoupment rates are the same.

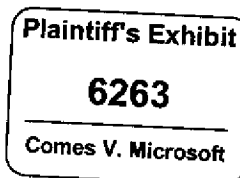

Let me know if you have any further questions or concerns.

Best Regards,  
Bob
