Disk footprint is a huge huge issue for us (no pun intended) and has been very painful. I will send a pie chart tomorrow based on the latest build. We presented the data below in our demo-checkpoint in April so it is a little out of date but gives you a rough idea :

Category	File Size	Count of Files
Component	11,614,417	66
Content	18,759,426	759
Data	18,163,040	111
Extra Help	1,123,908	33
Fonts	4,568,848	33
IE	37,639,405	238
Import	13,364,697	82
Mapi	10,782,926	64
Office	130,253,026	471
OS	14,786,198	85
VBA	19,651,081	48
Grand Total	280,706,972	1,990
