Eric,

The Burst FTP site must be down.

Tracy,

We have fixed some bugs found on v2.5.1. You can download the v2.5.2.exe
file from the burst.com ftp server. I'm not sure if this is related to
your
problem.

Eric;

Also see if you can get any info on why we would be getting this error

Connection closed due to exception: java.net.SocketException: Connection
reset

Let me know.

Thanks
