Subject: meeting
Date: Wednesday, June 02, 1993 4:05PM

can we get together on monday (or at latest tuesday) with:

chicago: bradsi, davidcol, dennisad, johnlu

desktop: chrisgr and some representatives from word/excel (such as jon devaan, ralfh, tim mcguire) to discuss the next level of detail on how chicago and the apps can work together better -- areas of synergy and areas where we may be missing the boat?
