Office	Product Planning	Developer for Upstart Wizard and for the Access Runtime setup
Office	DAD Management	Manage prog mgmt and prod planning for Office shared features, and design, usability, and director of prog mgmt for DAD.
Office	Product Planning	Manages Office product planning team. OAC, marketing support, customer quality feedback
Office	Product Planning	Product Planning Next OAC, product support issues, user profile, research
Office	Product Planning	Product Planning KM & Collep scenarios, input from sales
Office	Product Planning	Product Planning, Excel/Access, developer advisory council, instrumented version.
Office	Shared HTML and Web	Web Client Recent file Tracking and documenting HTML consistency issues.
Office	Shared HTML and Web	Web Client Save as web page UI, miscellaneous cross-Office issues.
Office	Shared HTML and Web	GPM for Web Client XML, HTML format for doc properties, OLE options.
Office	Shared HTML and Web	Web client Supporting files, unknown HTML, web page preview, HTML options, HTML bundling tool, 54-bit.
Office	Shared HTML and Web	Web client Hypertext UI themes, client, shared features in HTML, tracking JSB dependencies.
Office	Shared Programmability	Programmability, VBA, object model, events, COM add-ins, script editor integration
Office	Shared Programmability	(McCallion) Operations team. Early morning "ReleaseMaster" shift, starts & tracks production runs, build troubleshooting, lab backups, system documentation
Office	Shared Release	Operations team. Created shared release tools
Office	Shared Release	Operations team. Runs the component build lab and process.
Office	Shared Release	Release team. Manages the Gemman and SBE release process.
Office	Shared Release	Release team. Far East setup development.
Office	Shared Release	GPM for the Release and Operations. Size reduction efforts, release calendar, optimization wizard, and marketing support
Office	Shared Release	Release Office 97 SR2, Office 95 OJK updates, Office 2000 SBE and standstons.
Office	Shared Release	Release team lead, English Office 2000 release lead
Office	Shared Release	Release Team, International support and documentation.
Office	Shared Release	Operations team lead
Office	Shared Release	Release Team, Daily operations/buils
Office	Shared Release	Release Team, Excel/Access and other English Office 2000
Office	Shared Release	Release Team Far East releases.
Office	Shared TCO	TCO MS Installer (aka Darwin)
Office	Shared TCO	TCO, including anti-virus (AVP), setup UI, detect and repair, IE setup integration, general legal issues.
Office	Shared TCO	TCO Darwin patching, Office resource kit
Office	Shared TCO	TCO Admin install, setup customization wizard, Office resource kit
Office	Shared TCO	GPM for TCO, main project lead for Office 2000.
Office	Shared TCO	TCO Roaming, registry work, IE TCO dependencies, Win2000 support
Office	Shared TCO	TCO System patches, profile wizard, default save format, ml component authoring.
Office	Shared TCO	TCO Updates including migration, coexistence, remove old versions
Office	Shared UI & Assistance	UI team. New menus & toolbars, HTML help, Answer Wizard improvements, tracking shared features beta feedback.
Office	Shared UI & Assistance	UI team. Collect & parse, power mgmt, instrumented version, Office-wide virtual freeze process.
Office	Shared UI & Assistance	GPM for UI & Assistance Office-wide UI vision, consistency, intelligent features.
Office	Shared UI & Assistance	UI team. Open and save as dialogs, improved assistant & answer wizard, fake SDI, our spec web.
Office	Shared Web Server	GPM for Web Server & Programmability
Office	Shared Web Server	Office web server. Web page development (edit, search, admin, help), OSE international builds, publishing & replication
Office	Shared Web Server	Office web server. Searching, help.
Office	Shared Web Server	(RichChoi) Developed Office 2000 IFilter for Index Server. The project is done.
Office	Shared Web Server	(DavidSwi) Office Server Extension setup dev / MS) authoring.
Office	Shared Web Server	(DavidSwi) Office server extensions setup and config wizard development
Office	Shared Web Server	Office web server. Security, commenting, notification, IE 4 Integration, localization, manages our spec web.
Office	Shared Web Server	(DavidSwi) Dev lead for Office Server Extension setup.
Office	Shared Web Server	Office web server. Publishing, setup & admin, search.
Office	Shared Web Server	Office web server lead integrating with FrontPage server extensions

Excel	App Excel Features	Data Access Dev. Does a lot query/text input work.
Excel	App Excel Features	Tech Lead.
Excel	App Excel Features	Basic Use Dev. See Through Selection, some Data/Access stuff.
Excel	App Excel Features	Dev Mgr.
Excel	App Excel Features	PartTools Dev. New Fika - working on tools.
Excel	App Excel Features	Data Access Dev. Pivot Tables
Excel	App Excel Features	Recall; Dev. Does a lot of OLEs and Internals work. Does some Data Access & HTML work.
Excel	App Excel Features	Performance Dev Lead.
Excel	App Excel Features	Prod List Contributor
Excel	App Excel Features	Far East Dev Lead. WNEVELEF work
Excel	Shared Base Technology	HTML Web Dev. HTML Roundtrip work.

Project	Role	Responsibilities
Excel	Shared Data Access / Visualization	Jabizent Unscot/Bur
Excel	Shared Data Access / Visualization	Data Access Dev Lead
Excel	Shared Data Access / Visualization	Data Access Dev OLEDB, Connection work
Excel	Shared Data Access / Visualization	Data Access Dev DAG integration
Excel	Shared Data Access / Visualization	WebXL Dev Working on Grid and UI areas
Excel	Shared Data Access / Visualization	WebXL Dev - Tech lead for WebXL
Excel	Shared Data Access / Visualization	Pivot List Dev Lead
Excel	Shared Data Access / Visualization	WebXL Dev - Persistence issues, office integration
Excel	Shared Data Access / Visualization	WebXL Dev Lead
Excel	Shared Data Access / Visualization	WebXL Dev UI, property toolbar
Excel	Shared Data Access / Visualization	WebXL Dev, Recalc
Excel	Shared HTML and Web	Basic UserHTML Dev. End of List/Pivot table HTML save and publish, Year2K work.
Excel	Shared HTML and Web	HTML Web Dev. General HTML work and FE bugs
Excel	Shared HTML and Web	HTML Web Dev. HTML File Load
Excel	Shared HTML and Web	HTML Web Dev Lead
Excel	Shared HTML and Web	HTML Web Dev. HTML Load/Save. Performance. Also works on Int'l issues.
Excel	Shared HTML and Web	HTML Web Dev. HTML File Save
Excel	Shared HTML and Web	HTML Web Dev. OLE & Inplace work
Excel	Shared Programmability	Programmability Dev. Also owns QFEs & SRs.
Excel	App Excel Features	Manages PGM team working on Excel (all versions)
Excel	App Excel Features	Data access plumbing, query, etc
Excel	App Excel Features	Basic use, Y2K, Euro, Ind
Excel	Product Planning	Planning, research, demos, beta PM
Excel	QFE	Responsible for release work and QFE/OCR issues
Excel	Shared Data Access / Visualization	Pivottables/OLAP/Data Mining
Excel	Shared Data Access / Visualization	MS Query developer (managed by Dave Jo)
Excel	Shared Data Access / Visualization	WebXL design, spreadsheet, PGM lead
Excel	Shared Data Access / Visualization	WebXL Spreadsheet design, Vista Property browser, x-group issues
Excel	Shared HTML and Web	HTML format, publish to web, etc
Excel	App Excel Features	Unassigned
Excel	App Excel Features	Links, Names, Y2K, other Internals, heavy QFE
Excel	App Excel Features	Load/Save native file format, other Internals, QFE heavy
Excel	App Excel Features	Internals Test lead; team owns file IO, HTML, Calc, etc
Excel	App Excel Features	OLE, WebCalc, Galenp
Excel	App Excel Features	Int'l, Font/other formatting
Excel	App Excel Features	Euro width, Internals
Excel	App Excel Features	Data access lead, team owns all data access features
Excel	App Excel Features	Calculation, functions, ATP, solver, heavy QFE
Excel	App Excel Features	Pivottables/Data Access/web queries
Excel	App Excel Features	WVXE/Format/print lead, release lead class; XI
Excel	App Excel Features	Print testing, German release owner
Excel	App Excel Features	Pivottable, macro vltra, patch technology tester for SRs
Excel	App Excel Features	Excel Test Manager
Excel	App Excel Features	Data Access Backend, MS Query
Excel	App Excel Features	Webcalc: mostly UI features
Excel	App Excel Features	Webcalc, mostly UI features
Excel	App Excel Features	WebCalc: mostly UI features
Excel	App Excel Features	WebCalc: team lead, release lead; team owns all webcalc
Excel	App Excel Features	Physikal; release lead, owns most functionality testing
Excel	App Excel Features	Pivottable
Excel	App Excel Features	HTML File format
Excel	App Excel Features	Programmability lead, automation coordinator + Prog features
Excel	App Excel Features	Programmability, C, API, BYTs, heavy QFE
Excel	App Excel Features	"Open"
Excel	App Excel Features	FE Tester, Chinese lang skills
Excel	App Excel Features	Contractor testing Loc Test KW/German
Excel	App Excel Features	FE Tester, Japanese lang skills
Excel	App Excel Features	Group Assistant for Excel
Excel	App Excel Features	Administrative Assistant for RichardM
Excel	App Excel Features	General Manager Excel/Access/Vdata
Excel	App Excel Features	Group Assistant for Access
Excel	App Excel Features	Product Team Manager for Access
Excel	App Excel Features	Cupertino operations/site management
Excel	App Excel Features	Cupertino operations/site management
Excel	App Excel Features	Cupertino operations/site management
Excel	App Excel Features	Cupertino operations/site management
Excel	App Excel Features	Cupertino operations/site management
Excel	App Excel Features	Cupertino operations/site management
Excel	App Excel Features	LS Integration, Text, native tables

Access	App Access Features	datapages: lead, all runtime data binding features and many design features dealing with data components
Access	App Access Features	datapages: VSE, web component behavior in designer, core source safe and active X controls
Access	App Access Features	datapages: runtime filtering and sorting design time sorting and grouping
Access	App Access Features	core lead, project model and new ADP file format, integration w/ VBA, active X support
Access	App Access Features	data: new
Access	Shared Base Technology	core worldwide issues and pluggable UI, dual font support, interface to MSKK devs
Access	Shared Base Technology	data: new from SQLS, offline scenarios and SQLS replication
Access	Shared Data Access / Visualization	data: jet and client server data layer, expression services
Access	Shared Data Access / Visualization	data: lead, jet integration, performance lead
Access	Shared Data Access / Visualization	data: jet and cs filtering, integration of SQLS ui
Access	Shared Data Access / Visualization	data: dynamic integration, approach/trigger editor, adovbso integration
Access	Unassigned	Replacement for Kyle Marsh
Access	WorldWide / Far East	core, ME, Europe, postal, other FE features, part owner of conversion and save as BT
Access	App Access Features	Manages PM team, drives 2000 release, drives Access NRO planning
Access	App Access Features	PM for Wizards, Lists, UE, and backup PM for all Far East releases
Access	App Access Features	Performance, runtime, and CS planning for NRO
Access	Product Planning	Client Server for 2000 and direct product planning efforts for Access
Access	Shared Data Access / Visualization	Owms DataPages and working with Exchange for NRO planning
Access	Shared Data Access / Visualization	Handles all setup issues for Access and IE5 issues
Access	Shared Data Access / Visualization	Owms component relationships with Jet, MDAC, SQL
Access	Shared Data Access / Visualization	Owms Programmability for 2000 and VST-orms/DataPage merger for NRO
Access	Unassigned	"Open" - transferring Peter/ris into this position from Vdata
Access	App Access Features	Accessibility, DDE, Data Page Object Model
Access	App Access Features	Active X Controls, VSE, Find & Replace
Access	App Access Features	Data Page Browse, Expressions, Filtering, Sorting
Access	App Access Features	Form & Report Design, Database windows, Custom Groups
Access	App Access Features	Access Object Model, Project Storage, Save Model, Lead
Access	App Access Features	Test Manager
Access	App Access Features	Security, OLE Automation Server
Access	App Access Features	BVT & CVT contact, IE BVT contact, Micros, Japanese
Access	App Access Features	Data Page Browse and updatability, Hyperlinks, Lead
Access	App Access Features	Client Server Forms, Replication, German contact
Access	App Access Features	part time maintaining lab machines and lab runs (Mitichy)
Access	App Access Features	Form Browse, Reports
Access	App Access Features	Data Page Design Properties
Access	App Access Features	Wizards, Database window, (Scolliron)
Access	App Access Features	Source Safe, Korean, YRK, Client Server Object Model
Access	Shared Base Technology	Data Page Design, Themes, Lead
Access	Shared Data Access / Visualization	Client Sever Devine, Triggers, Stored Procedures, and Lead
Access	Shared Data Access / Visualization	Mailing Data Pages, Persistence
Access	Shared Data Access / Visualization	Wizards, Backward compatibility
Access	Shared Data Access / Visualization	Table Design, Printing, and Print Configuration
Access	Shared Data Access / Visualization	Field List, Lang Pack, Data Assistant
Access	Shared Data Access / Visualization	Import/Export, FE contact
Access	Shared Data Access / Visualization	Data Page Banding & Grouping Design, Query's
Access	Shared Data Access / Visualization	Multi-user
Access	Shared TCO	Setup testing, covering upgrade scenarios and config, (Mitichy)
Office	DAD Management	Director of development
Office	DAD Management	Admin supporting Duane, managers and Office Shared Feature Teams
Office	DAD Management	Sign-language interpreter
Office	DAD Management	Sign-language interpreter
Office	DAD Management	Sign-language interpreter
Office	DAD Management	QFE lead, Subscriptions and Event notification
Office	DAD Management	QFE issues
Office	DAD Management	QFE issues
Office	DAD Management	QFE issues

Task: fourball@thw:Prof:V3:scr

Office	Shared Base Technology	Performance guru, researching new test metrics also
Office	Shared Base Technology	Performance development, also doing automated code bug detection
Office	Shared Base Technology	Build Team Lead, Performance Wizard, binmap compression, toolbars
Office	Shared Base Technology	Performance Dev, currently on loan to DierR's Release team fixing bugs
Office	Shared Base Technology	Performance Dev, did SR-2 Insider, ensures all external binaries of ship quality
Office	Shared Base Technology	Development Manager, Base Technology
Office	Shared Base Technology	Builder - keeps regular Office builds coming out the door!
Office	Shared Base Technology	Performance Dev, doing 64-bit port and research
Office	Shared Base Technology	Performance Dev, currently on loan to DierR's Release team fixing bugs
Office	Shared HTML and Web	Waterloo Coop, just started, enhancing the profiler
Office	Shared HTML and Web	Returning Intern - Working on WebArchive utility
Office	Shared HTML and Web	HTML file management, file name & link encoding
Office	Shared HTML and Web	HTML Binary link setup, setup assistance
Office	Shared HTML and Web	Web Themes: Hyperlink dialog
Office	Shared HTML and Web	SendToB, HTML save/load file management
Office	Shared HTML and Web	HTML Save/Load Infrastructure: CF_HTML in Word
Office	Shared HTML and Web	HTML Import/Export Infrastructure: doc options in HTML
Office	Shared HTML and Web	Dev Manager
Office	Shared HTML and Web	Hyperlink dialog: link setup: CF_HTML in PowerPoint
Office	Shared HTML and Web	OCXs in all apps (Binary/HTML): IE integration
Office	Shared HTML and Web	Office XML, link encoding, Notes integration, doc properties
Office	Shared HTML and Web	NTS features: doc management, HTML file handling
Office	Shared HTML and Web	MLANG charact encoding: HTML save/load infrastructure: conditional comments, entities
Office	Shared HTML and Web	HTML edit verb handler, type/link dialog
Office	Shared HTML and Web	CF_HTML in Excel: XL HTML integration: HTML save/load infrastructure
Office	Shared Programmability	Prog. Team: Does Word events Com address HTML.rtf etc
Office	Shared Programmability	Prog. Team: HTML scripts, Security, Digital Signatures, ComAddins etc
Office	Shared Programmability	Prog. Team: owns Form33 maintenance
Office	Shared Programmability	Dev Lead: Programmability team. We do VBA, MSE, Security, Digital signatures, Events and Fonts3.
Office	Shared Release	Programmer, Team: Integrates VBA and MSE
Office	Shared Release	Builder - gets regular builds out, working on increasing build automation
Office	Shared Release	Builder - gets regular builds out, working on increasing build automation
Office	Shared Release	Office 9 Setup Developer, main focus is Language Pack and Proofing Tools Kit
Office	Shared Release	Scopes Development, Office 10 setup methodology
Office	Shared Release	Office 8 Setup Developer, main focus is feature hierarchy, assisting Ireland authority
Office	Shared Release	Scopes Development, Office 10 setup methodology
Office	Shared Release	Lead, Managing and developing Office 9 setup. Main development focus is Word and registry issues
Office	Shared Release	Office 9 Setup Developer, main focus is PowerPoint and FE releases
Office	Shared Release	Lead, Managing and developing Office Setup, Managing Scopes Development
Office	Shared Release	Office 9 Setup Developer, main focus is Language Pack and Proofing Tools Kit
Office	Shared Release	Office 9 Setup Developer, main focus is Excel and KOR releases
Office	Shared Release	Install-on-demand features in Office 2000
Office	Shared Release	Darwin team - Rollback, Patching and Admin installs
Office	Shared Release	Assigned Bug fixing in Office 2000 (bring new to the Team)
Office	Shared Release	Darwin team - Owns entire User Interface
Office	Shared Release	Darwin team - Tech lead, owns database format and ODBC installation issues
Office	Shared Release	IES installation issues, OSB
Office	Shared Release	Install-on-demand features: Hydra, and TCO performance
Office	Shared Release	Darwin team - File installation and Costing
Office	Shared Release	Office registry API and build issues
Office	Shared Release	Darwin team - validation and merge modules
Office	Shared Release	Office registry API and pushing files into the build process
Office	Shared Release	Darwin team - service implementation, public API, NT5 integration
Office	Shared Release	Installing Office as a non-admin
Office	Shared Release	Darwin/Office integration and Lang Pak authority
Office	Shared Release	Custom Install Wizard, Office Customizer Wizard and Patch Creation tool (dankh)
Office	Shared Release	Install-on-demand features and build process issues
Office	Shared Release	Default Save and Setup bootstrapper
Office	Shared Release	Dev Manager and Darwin performance
Office	Shared Release	Darwin team - font installation, component issues
Office	Shared Release	removal of old files at install time, integration of ICS installation
Office	Shared Release	Upgrade features - migration of settings from previous Office versions
Office	Shared Release	License verification and Roaming user
Office	Shared Release	Darwin team - installation of Darwin, security issues, environment variables
Office	Shared Release	Misc bug fixing and authority requests - recent addition to the team

 Outlook WorldWide / Far East
 Office Shared Design & Usability

(markha) Contract ended
 (Cchurch) VML Objects, vector tools, images & movies, selection layout
 (pschwab) Designer templates, wizards, animations and art corporate look
 Designer wizards and templates cool and professional themes
 (ebbee) Test Lead, firing for elements, behaviors and properties
 Wizards, creation of pages from templates, insertion of new components and setup
 (Cchurch) Text, format UI and editor performance
 Timeline control and core timing code
 MSHTML interface/abstraction code, undo system, selection motion path creation
 Timeline, interactivity and setup
 Schedule, dev management and facilities for editing attributed XML tags
 Manage channel programs and initiatives
 Art lead wizards and templates
 Manages architecture and implementation editor and runtime, implemented core runtime
 Manages design team for wizards, templates and samples
 Manages Multimedia Applications responsible for Eplide and integration of MM into Office
 Runtime DHTML behaviors, actor behavior, motion path and event management
 Runtime DHTML behaviors, autoEffects and Office integration
 (Cchurch) Timeline UI and persistence, hardware config, test lab maintenance and raid status
 Office integration and integration persistence
 Office integration and compatibility explorer, wizards, styles and tables
