HIGHLY CONFIDENTIAL - ATTORNEYS' EYES ONLY

Videotaped Patent Issues Deposition
of JOHN C. MITCHELL, Ph.D., taken at
755 Page Mill Road, Palo Alto, California,
commencing at 9:43 a.m., Tuesday,
September 6, 2011, before Leslie Rockwood,
RPR, CSR No. 3462.

PAGES 1 - 270

1 THE REPORTER: Would you raise your right
2 hand, please.

3 You do solemnly state that the evidence you
4 shall give in this matter shall be the truth, the whole
5 truth and nothing but the truth, so help you God.

6 THE WITNESS: I do.

7 THE REPORTER: Thank you.

8 THE VIDEOGRAPHER: You may proceed.

9 EXAMINATION

10 BY MR. PAIGE: 09:44:15

11 Q. BY MR. PAIGE: Good morning, Dr. Mitchell.

12 A. Good morning.

13 Q. I know you've been deposed before, and I know
14 you know the rules of the road pretty well so I'll skip
15 that. 09:44:24

16 A. Okay.

17 Q. And just ask you: Is there any reason that
18 you couldn't give your best testimony here today?

19 A. Not that I know of.

20 Q. Are you taking any medication or anything 09:44:30
21 else that might impair your ability to give your best
22 testimony today?

23 A. No, I'm not.

24 Q. Okay. Have you developed any opinions on
25 matters relating to this case that are not set forth in 09:44:37

1 Q. Have you read the code for the CTS?

2 A. I have read some of it.

3 Q. And from reading that code, can you tell me
4 whether it tests for the presence of any code that you
5 claim to be infringing in this matter? 11:06:42

6 A. There is a more detailed explanation in my
7 write-up of experiments I conducted that has to do with
8 the security tests in particular. I don't recall what
9 else that write-up describes.

10 And if I remember correctly, it's a general 11:07:07
11 explanation of the kind of experiments I conducted. So
12 there may be other things that I did that are not
13 directly repeated in detail in that portion of the
14 report.

15 Q. Can you tell me whether the CTS test from 11:07:23
16 your review of the code tests for anything other than the
17 security patents that are relevant to your opinions on
18 infringement in this case?

19 A. You know, I'm not going to be able to recall,
20 you know, some significant period of time after carrying 11:07:42
21 out those tests exactly what's covered. My recollection
22 is that the CTS takes considerable time, at least hours,
23 maybe more than ten hours on some platforms to run, if I
24 remember correctly. So I'm sure that it tests many
25 things. 11:08:09
